HEAR YE, HEAR YE

What really needs doing is to get the building framed and covered with the roof BEFORE the first big snow (typically Oct. 31st). The first significant deadline was getting the foundation and foundation walls in place before freezing temperatures which was accomplished thanks to many people and favorable weather.

The second significant deadline is to erect the building before the first big snow. If you've been thinking of coming to help as a volunteer or have considered sending a financial gift, NOW IS THE TIME to volunteer, NOW IS THE TIME to financially support this exciting project which will serve the Rocky Mountain ministry now and in the future!

WHAT'S BEEN GIVEN & WHAT'S STILL NEEDED

Appreciate the following donations given this week: \$1000 / \$100
