NEW PADDLEBOATS

Two paddleboats were recently donated to camp increasing the fleet of boats for the pond. Along with the kayaks and canoe, the paddleboats give guests and campers many ways to explore the pond. The paddleboats have four seats, making it ideal for parents and children to enjoy together. Since their arrival at camp in early August, they have been well used and loved by guests (and staff too!).

PLEIADES CONSTRUCTION

Significant progress continues with the excavation of the new Pleiades facility. The large excavator and two dump trucks are looking to move an estimated 100-125 dump truck loads of material from the site. Where is it all going? As has been said, "the solution is dilution" principle is being applied. The material (mostly decomposed Pikes Peak granite) is being spread out about a foot deep on the roads to Park Ridge, Rocky Ridge and Staffville. Over the years, erosion has taken its course. The goal is to smooth the roads and slant them for rain to shed on the downhill side where vegetation will minimize erosion.

YOU'VE BEEN SPOTTED!

We spotted Ian Simpson (Denver, CO) wearing his RMMC t-shirt. Ian was visiting family in Ohio this past summer and proudly represented RMMC. Thanks, Ian, for sharing RMMC with your family and others in Ohio! Share your "spotted" photo with us. Email it to jenelle@rmmc.org
